

All Because

Bebe & Cece Winans

Joy bells ringing, angels singing
All because a child was born
A time of sharing, people caring
All because a child was born

There in a manger long ago
It was the perfect night
When You came into this world
The star shined, oh, so bright

Hearts were waiting, anticipating
All because a child was born
A gift was given for the living
All because a child was born

You brought love and laughter
Peace to all mankind
And we celebrate Christmas morn
All because a child was born

There in a manger long ago
It was the perfect night
When You came into this world
The star shined, oh, so bright

Joy bells ringing, angels singing
All because a child was born
Hearts were waiting, anticipating
All because a child was born

You brought love and laughter
Peace to all mankind
And we celebrate Christmas morn
All because a child was born
