

# Give Me a Star

Bebe & Cece Winans

Mmm, yeah

I've walked many a night without a place to rest  
Not knowing where the north is or the east and west  
But give me one star, just one simple light  
And I'll never walk alone again at night

Many times it seemed that I would never find my way  
Lose sight on being free in bondage I would stay  
But give me one star, just one simple light  
And I'll never walk alone again at night

So give me a star, yeah  
Give me one star to clear the mist and fog away  
Give me a star, yeah  
Give me one star to light the world in dark today  
One simple light  
Give me a star, just one simple light  
And I'll never walk alone again at night

Oh, I see a new star rising in the sky  
A star of joy, a star to purify  
A Star of Days of old  
A Star of Days of old  
And a star that's filled with love  
And a star to rain and storm, yeah

Strong winds are beating me  
With stormy winds and rains  
My limbs are hurting  
From the weight of heavy chains  
So give me one star, just one simple light  
And I'll never walk alone again at night

Give me a star, yeah  
Give me one star to clear the mist and fog away  
All I want is a star, yeah  
Give me one star to light the world in dark today  
Just one simple light, yeah  
Give me a star, just one simple light  
(That's all I need)  
And I'll never walk alone again at night

Said, give me a star, yeah  
Give me one star to clear the mist and fog away  
All I want is a star, yeah  
Give me one star to light the world in dark today  
(Said the world is dark, said the world is dark today)  
Give me a star, just one simple light  
And I'll never walk alone  
(Said, I'll never)  
I'll never walk alone  
(Yeah, yeah, yeah)  
I'll never walk alone again at night

So give me a star  
Give me one star to clear the mist and fog away

All I want is a star, yeah  
Give me one star to light the world in dark today  
One simple light  
Give me a star, just one simple light  
And I'll never walk alone again at night

All I need is a star, one simple star  
Give me one star to clear the mist and fog away  
That's all we need is a star  
Give me one star to light the world in dark today  
Till the world needs a love, yeah, yeah  
Give me a star, just one simple light  
Say, and I'll never  
And I'll never walk alone again at night

Give me a star, yeah  
Give me one star to clear the mist and fog away  
Yeah, yeah, yeah, a star  
Give me one star to light the world in dark today  
Just one simple light, just one simple light  
Give me a star, just one simple light  
And I'll never walk alone again at night...

All I need is a star, one little star  
To drive the mist and fog away  
All I need is a star, one little star  
To light the world in dark today  
All I need is a star, one little star  
Give me a star, one simple star  
Never walk alone again at night...
