

No Hiding Place

Bebe & Cece Winans

Been given this message to tell ya
Don't let it be said too late
Where will you run when the world's on fire
I'm tellin' you now, there's no escape
'Cause when he comes there will be no

No hiding place down here, there's no hiding place
No hiding place down here, there's no hiding place

It's getting late in the evening
Looks like the sun is almost down
Ready or not, he is coming
Decision is yours, lost or found
There's nowhere to hide

No hiding place down here, there's no hiding place
(Don't try to hide)
No hiding place down here, there's no hiding place
No hiding place down here, there's no hiding place
No hiding place down here, there's no hiding place

Where will you run, sinner man
Where will you hide, sinner man
Where will you run, sinner man
Where will you hide, sinner man

No hiding place down
(You may run to the mountains)
No hiding place, no hiding place
(And the mountains will say)
No hiding place down here, there's no hiding place
No hiding place down here, there's no hiding place
[repeat till fade]
