

Lioness

Beckah Shae

[Chorus]

I roar, you run
Hear me get wild, hear me get wild
Awake and alive
I move, you lose
Watch me arise, watch me arise
Brave like a Lioness
I roar, you run
Hear me get wild, hear me get wild
Awake and alive
I move, you lose
Watch me arise, watch me arise
Brave like a Lioness

[Verse 1]

'Cause yeah, I got my eye, I got my eye on ya
Ya ain't got nowhere to hide so I'm comin' for ya
Yeah, I'm a hunter and I find what I wanna
So you should leave now 'cause I'm a good runner
Yeah, I got my pride, I never roam alone
I've got the best tribe, you don't wanna know
You'll be a quitter, soon as I pull my trigger
You should give up now, my roar is getting bigger

[Pre-Chorus]

Oooh, I'm not a cub no more
I've grown into a Lioness and I'm 'bout to roar
All these wars have only made me better, stronger, tougher

[Chorus]

I roar, you run
Hear me get wild, hear me get wild
Awake and alive
I move, you lose
Watch me arise, watch me arise
Brave like a Lioness
I roar, you run
Hear me get wild, hear me get wild
Awake and alive
I move, you lose
Watch me arise, watch me arise
Brave like a Lioness

[Verse 2]

I walk in the light and I hunt in the dark
I got a fierce story for every battle scar
I'm a real stunner 'cause I'm an overcomer
You better move far 'cause I go in real hard
As soon as I bow my head and take a deep breath
You know I'm dead set on making you regret

You'll hear the thunder and it'll make you wonder
Why ya ever tried 'cause you're on the wrong side

[Pre-Chorus]

Oooh, I'm not a cub no more
I've grown into a Lioness and I'm 'bout to roar

All these wars have only made me better, stronger, tougher

[Chorus]

I roar, you run
Hear me get wild, hear me get wild
Awake and alive
I move, you lose
Watch me arise, watch me arise
Brave like a Lioness
I roar, you run
Hear me get wild, hear me get wild
Awake and alive
I move, you lose
Watch me arise, watch me arise
Brave like a Lioness

[Bridge]

Roar
Roar
Roar
Roar

[Pre-Chorus]

Oooh, I'm not a cub no more
I've grown into a Lioness and I'm 'bout to roar
All these wars have only made me better, stronger, tougher

[Chorus]

I roar, you run
Hear me get wild, hear me get wild
Awake and alive
I move, you lose
Watch me arise, watch me arise
Brave like a Lioness
I roar, you run
Hear me get wild, hear me get wild
Awake and alive
I move, you lose
Watch me arise, watch me arise
Brave like a Lioness
I roar, you run
Hear me get wild, hear me get wild
Awake and alive
I move, you lose
Watch me arise, watch me arise
Brave like a Lioness
I roar, you run
Hear me get wild, hear me get wild
Awake and alive
I move, you lose
Watch me arise, watch me arise
Brave like a Lioness
