

## D-O or G-O

Beenie Man

Zagga now, zagga yagga now now now (ghost!)  
Tell dem Moses

Girl!  
No mek no gyal come reap what you sow (ah ha)  
Dem never know (ah ha), dem never know  
Dem lef' your house and go sleep outta door (ah ha)  
Dem never know, dem never know  
Is this love? or infatuation (wha'!)  
No mek no gyal come tek weh your man (wha'!)  
No mix up inna no bangerang  
Beenie haffi ask a question

Well, if you don't d-o I think I'm gonna g-o  
Well, if you love me let it show  
Girl, I need to know  
Don't let me take a detour  
If I should walk through that door  
This is one thing I know for sure  
You ain't gonna see me any more

Anyway!  
Most of the time I say yes to you  
Bend my rules sacrifices show interest to you  
My love and my time I invest in you  
Work night and day to give the best to you  
But though you ask me to be serious, I'm stressing you  
Have me thinking someone is undressing you  
That's why you always act up when I'm next to you  
Check it deeply a see who's stressing who

Well, if you don't d-o I think I'm gonna g-o  
Well, if you love me let it show  
Girl, I need to know  
Don't let me take a detour  
If I should walk through that door  
This is one thing I know for sure  
You ain't gonna see me any more

Why we cannot be on the same wavelength  
Scratch each other back and beg God give us strength  
How come you never give me any compliments  
But have me mek a mistake a pure argument  
Girl, you know me love you straight up to the max  
You, know that for sure just like the tan tax  
Me love a weh me gi' you girl gimme some back  
Honestly, girl, I don't want this to stop

Well, if you don't d-o I think I'm gonna g-o  
Well, if you love me let it show

Don't let me take a detour  
If I should walk through that door

You ain't gonna see me any more

Anyway!

Why can't you spend some quality time  
I won't mix up [?] Jah Jah inna me mind  
That me can bank 'pon when me face tuff time  
Gyal throw away your pride and show me some sign  
Girl, why you still acting defensive  
You know my time is expensive  
Baby, try use up your senses  
Let's fall in love and burn the crosses

Well, if you don't d-o I think I'm gonna g-o  
Well, if you love me let it show  
Girl, I need to know  
Don't let me take a detour  
If I should walk through that door
