

## Crush

### Before the Dawn

I crushed my self fairly well today  
with no respect needless so say  
I feel my worries are to stay  
yes and still  
you can find some hope in me  
I wonder

Today it shows  
the more I know

If I can't see myself too clear  
if I malfunctioned from this fear  
will you repair this broken soul  
yes I am tired  
take my hand and we rest awhile
