

Break

Before Their Eyes

I just wanna break
Every rule you make
I'm tired of being pushed to the ground
You are not the god of me

Sometimes I feel like I can't breathe, I'm suffocating
Every time I make a move, you hold it against me

You terrorize, you paralyze
My will is breaking
Can't you see I'm breaking free
You take my pride away from me

I just wanna break
Every rule you make
I'm tired of being pushed to the ground
With every single word you say
I'll blow it all away
You are not the god
You are not the god of me

I'm feeling ready for the fight
I've got the upper hand now
I'm taking back my life tonight
You'll never hold me down

You terrorize, you paralyze
My will is breaking
Can't you see I'm breaking free
You take my pride away from me

I just wanna break
Every rule you make
I'm tired of being pushed to the ground
With every single word you say
I'll blow it all away
You are not the god
You are not the god of me

You're not gonna bring me down
Over and over again
I'm gonna take you on
This is a fight to the end
Fight to the end

I just wanna break
Every rule you make
I'm tired of being pushed to the ground
With every single word you say
I'll blow it all away
You are not the god
You are not the god of me
You are not the god
You are not the god of me
You are not the god
You are not the god of me
