

# Angel On Earth

Bei Maejor

A world where there's just us,  
With no one to stop us,  
We'll be soaring high,  
We lift up,  
It would just be me and you alone,  
In this space we call our own,  
And not a soul could tell us what we need to do,

So let's just close our eyes,  
And dream of, each other,  
We can face whatever,  
No one,  
But us,  
Baby lets just lay,  
Right here, forever,  
And when I listen to you breathing,  
It's hard to believe that,

That I found my angel,  
From the clouds you came,  
From above you spread your wings,  
Fell down from heaven,  
Like a waterfall,  
And you showered with me with love,  
So glad that I found you,  
Cause I don't know what I'd ever do,  
If I were to lose your love I'd die,  
I'd rather fall down from the sky,

So look out the window,  
There's a place where we can go,  
We're running away now,  
We're a thousand miles away from home,  
And it don't matter where we are,  
Don't matter where we start,  
Just as long as when we end,  
We're the winners once again,

So let's just close our eyes,  
And dream of, each other,  
We can face whatever,  
No one,  
But us,  
Baby lets just lay,  
Right here, forever,  
And when I listen to you breathing,  
It's hard to believe that,

That I found my angel,  
From the clouds you came,  
From above you spread your wings,  
Fell down from heaven,  
Like a waterfall,  
And you showered with me with love,  
So glad that I found you,  
Cause I don't know what I'd ever do,  
If I were to lose your love I'd die,

I'd rather fall down from the sky,

But what if,

What if,

I don't know what I'd do,

If I didn't have you,

If I would lose your love I'd die,

I rather fall down from the sky,

That I found my angel,

From the clouds you came,

From above you spread your wings,

Fell down from heaven,

Like a waterfall,

And you showered with me with love,

So glad that I found you,

Cause I don't know what I'd ever do,

If I were to lose your love I'd die,

I'd rather fall down from the sky
