Looking like a star like a diamond  
Something like a star girl you're shining  
You got all that I need  
Baby you got all that I need  
Looking like a star like a diamond  
Something like a star girl you're shining  
You got all that I need  
Baby you got all that I need

Wishing I could change your mind yeah  
I wish that you could see yourself through my eyes, girl  
You would see that you're my star  
My queen, my heart  
Yeah I pull the star down for you  
'Cause you are, you are, you are  
Like rain in July love form the sky y  
You are  
Like uhh, uh you know

Looking like a star like a diamond  
Something like a star girl you're shining  
You got all that I need  
Baby you got all that I need  
Looking like a star like a diamond  
Something like a star girl you're shining  
You got all that I need  
Baby you got all that I need

You look in the mirror and smile  
Do you feel like I feel right now yeah  
I pray to know that you're my star  
My queen, my heart  
And I would shade it all for you  
'Cause you are, you are, you are  
Like cold on the pillow  
Look here what you did to  
You are  
Like uhh, break it down

Looking like a star like a diamond  
Something like a star girl you're shining  
You got all that I need  
Baby you got all that I need  
Looking like a star like a diamond  
Something like a star girl you're shining  
You got all that I need  
Baby you got all that I need
