

Let Me Know Something?!

Bell Biv DeVoe

You think you're hot girlie
You walk around with your nose in the air
When men try to talk to you
You treat them like you just don't care
It's all a front to me, you see
Cause I know how you're livin' day to day
So let's sit and talk about it
You deserve a break today

Let me know somethin', let me know somethin' girl
Let me know somethin', What's on your mind
Let me know somethin', Just let me know somethin' girl
Let me know somethin', What's on your mind

Girl, you don't respond when I speak to you
I can never seem to get through to you
Girl, happiness costs very little
Girl, what's on your mind?

Let me know somethin', let me know somethin' girl
Let me know somethin', What's on your mind
Let me know somethin', Just let me know somethin' girl
Let me know somethin', What's on your mind

Oh baby, yeah
Let me know what's on your mind

Here we go!
I'll admit you're fit and trim
Then again- what's happenin', what's goin' on?
And so on and so on
Maria, I wanna be with ya
I betcha if you let me get witcha I'll setcha straight
Wait a minute, let me see
I'm sweatin' you, you should be sweatin' me
And as a matter of fact, you pretty city girl
Quick fast style pass on your social ditty world
You ain't fresh in your fresh gear
Awww, so Maria see ya

Girl, you don't respond when I speak to you
Girl, I can never seem to get through to you
Girl, happiness just does little
Girl

Oh no, now you know that I do shows with Bell Biv DeVoe now you wanna say he llo?
I still say hell no
Well yo, you used to be miss prim and proper, miss primadonna, Now you're a goner cause you're no longer
The apple of my eye
Kiss all that crap goodbye
You're fly but you try to play high post
Don't say hi when I walk by so
Stop all the frontin', huffin' and puffin'
Let me know somethin'

Let me know what's on your mind

Yeah baby, let me know what's on your mind
Your mind
