Do you really love me? (Ooh)
Or it's nothin'? (Ooh)
Only time you say you love me (Ooh)
Is when we fuckin' (Ooh)

A broke nigga ain't got no money (No money)
A rich nigga ain't got no time (No time)
I ain't gon' sit here and argue with you, I'm walkin' on stage, showtime (Showtime)
The nerve of you ignorin' me
While I'm makin' you a party
I'm a boss bitch, what you thought, bitch?
You can talk slick but can't afford me, uh
I can't lie you fine as shit
But I'ma have to put you on my blocklist
Gave you this dick then drove you crazy
Put you on the suicide watchlist
One thing about last night
Is yeah, I threw that ass right
Got you goin' dummy on this pussy, like a crash site
Fuck is you doin'?
You know you ain't 'posed to call me while I'm with my wife
You know you ain't 'posed to text me or send me no pictures at this time of night

You tellin' me your whereabouts, like that's somethin' I care about
But then again, I kinda do, so here's the truth, I'ma air it out
You wanna kick it, go on a date
Sorry, I'm busy, got money to make
Whenever I'm with you, I'm gone too soon
I fuck you to sleep, you beg me to say
I played the heart, you played the fool
You played some games and I played it cool
You trade a jump off for a jewel
Save the dumb shit, I'm done with you
Damn, lil' mama, you got some nerve
I'ma put your number on "do not disturb"
You gon' get mad tryna cut a nigga off
Better change your mind when I buy you this purse

I miss you when I'm in you (In you, mm-hmm)
