Daybreak on the highway, I guess I drove the night away It's hard to leave yourself behind
The devil take the state law, god it's such a long haul Lookin' for an exit sign
Somethin' in my rearview, I guess they always find you Livin' over the line

Over the line I thought the road was mine Over the line I thought I was doin' fine

Somethin' in my rearview, I guess they always find you
Livin' over the line

## CHORUS

Oh and I tend to keep on strayin' So they keep on drawin' lines Lord I love the music Of that engine when she wines
