

# Bleeding Salvation

**Belphegor**

Liars, false prophets  
Cowards, holy whores  
Destroy your sickening dogmas  
Clerical scum

Decayed dreams of heaven  
His blood was shed in vain  
Blown up halls of worship  
Their fall is our win

Shovel your own graves  
Cutthroat, bleed to death  
Croak in your excrements  
Wipe out your ulcerous kind

Decayed dreams of heaven  
His blood was shed in vain  
Blown up halls of worship  
Their fall is our win - our win

Bleed to death!
