## **Ben Kweller**

Everybody's trying to be the best
What about the girl with loneliness
I like your sundress
I like your sundress
What about the girl with loneliness
From the inside out
You're so beautiful
I want to hold you in my hand

I do everything you want me to I do everything you want me to do

I want to start going on a morning walk What about the days when we used to talk? I don't need a smile from a mannequin I just want to hold you in my hands

I do everything you want me to
I do everything you want me to
I do everything you want me to do

From the inside out You've changed, girl You know you have Don't make a good thing bad Just let me hold you in my hands

I do everything you want me to
I do everything you want me to do
I do everything everything everything
I do everything you want me to
I do everything you want me to do
Do do for you
