

# Never Ending

Beres Hammond

Life, never ending, always give  
A new meaning to a love  
Never fading, always engaging  
Love, blossoming to a new birth  
Fill the sky and kiss the earth  
Never changing, always engaging

Give love, show love  
And when you do, a new love will  
Treat you a big surprise  
Revelation in front your eyes, yes  
Give love, and get love, yes  
And when you do, a big love gon'  
Conquer you right there in your track  
And when it does, no turning back

Life, never ending, always give  
A new meaning to a love  
Never fading, always engaging  
Love, blossoming to a new birth  
Fill the sky and kiss the earth  
Never changing, always engaging

I pray for you, you pray for me, yeah  
I care for you, you care for me, yeah  
What's good for you serves me too  
What we need is to be true  
Don't have to worry 'bout the time  
All that you need always just shine  
Enjoy the breeze that's taking place  
Feel the sun upon your face  
Be ever thankful for every drop of rain

Life, never ending, always give  
A new meaning to a love  
Never fading, always engaging  
Love, blossoming to a new birth  
Fill the sky and kiss the earth  
Never changing, always engaging

Ooh, make love, create some  
Welcome a new portent  
Treat it well, it does the same  
Alleviate the hurt and pain

Give love, get love  
When it does, a big love will  
Conquer you right there in your tracks  
And when it does, no turning back

'Cause a life, never ending, always give  
A new meaning to a love  
Never fading, always engaging  
Love, blossoming to a new birth  
Fill the sky and kiss the earth  
Never changing, always engaging

I pray for you, you pray for me, yeah  
I care for you, you care for me, yeah  
What's good for you serves me too  
What we need is to be true  
Don't have to worry 'bout the time  
All that you need always just shine

Life, never ending, always give  
A new meaning to a love
