

Feels Kinda Funny

Bernard Allison

Feels kinda funny without no money
Life ain't easy and it just don't please me
Pain and sufferin' has been a part of our life
Don't worry no more, my blues will make you feel just fine

The kids don't understand when I speak this way
I try to make 'em realize that the blues will never go away
Pain and sufferin' has been a part of our life
Ain't gonna worry no more, my blues will make you feel all right

Feels kinda funny without no money
Life ain't easy and it just don't please me
Pain and sufferin' has been a part of our life
Don't worry no more, my blues will make you feel just fine

The kids don't understand when I speak this way
I try to make 'em realize that the blues will never go away
Pain and sufferin' has been a part of our life
Ain't gonna worry no more, my blues will make you feel all right
