

I Just Came Back To Say Goodbye

Bernard Allison

Now when I first saw you I heard the angels sing
I thought I'd never believe in that love thang
I was blinded by the light and I just can't see
Hiding up in your apple tree
I really hope that you are satisfied
I just came back to say goodbye

It's not fair judging Jesus' black book
I open it up to get a second look
(I have to say second look)
I saw my best friend's name on the page
Five gold stars beside his name
I really hope that you are satisfied
I just came back to say goodbye

Just came back to say goodbye
(I just came back)
I just came back to say goodbye
(I just came back)

I felt real bad thought I'd give you a call
I didn't look up your number just looked up on the wall
You know your best friend said you're gone for the night
Gone downtown with your jeans on tight
I really hope that you are satisfied
I just came back to say goodbye

Just came back to say goodbye
(I just came back)

Just came back to say goodbye
(I just came back)
