

Change of Pace

Bernard Fanning

A change of pace to do [?]
I swear it's a ghost town if it's [?]
I count the steps in every mile
No better way to pass the time

C'mon over we can meet and talk about it on Sunday
If we get back to we can kiss that pass goodbye
It's a lot if we try to it just needs to change my mind
Oh on Sunday when we say goodbye

For every love you left behind (stand by where the river run)
Another lovers does cry that time
(Wait for the time if you give her)
You hide when I seek the town
You pretend that it's true happiness you find
(Stand by where the river run)

C'mon over we can meet and talk about it on Sunday
If we get back to we can kiss that pass goodbye
It's a lot if we try to it just needs to change my mind
Oh on Sunday when we say goodbye

You get so tired of this town in the same company
So much better far that [?] goes down
That makes me just wanna leave
The pen breaks [?] I'll show you what've seen
But it don't mean a thing it don't mean a thing
We need don't explain

C'mon over we can meet and talk about it on Sunday
If we get back to we can kiss that pass goodbye
It's a lot if we try to it just needs to change my mind
Oh on Sunday
Oh on Sunday when we say goodbye
