

# Bad 4 Ur Health

Berner

Just let me get high just let me get high  
Just let me smoke  
Just let me get high just let me get high  
I need to smoke  
Just let me get high just let me get high  
Blow top shelf cuz mid grade is bad for your health  
Who you know with better bags of smoke  
Make a snake with the hash  
Take a dab and choke  
Been on for a while  
All this cash and gold  
Make sure the champagne in my glass is cold  
All the packs I sold  
All the late nights I bagged up blow  
I jus wanna clap every single cat that told  
Fuck snitches and renegade bitches  
Half these rappers lie they only do dirt in their riddance  
I done made the asian mob a few million  
Tell the bitches spin around  
Like the fan on my ceiling  
My chain hang down to my louis buckle  
These dudes don't ball  
They jus brag when they move a couple  
Let the cookie crumble  
Make my drink a double  
I got girls in Humbolt county that'll load a truck full  
I got a plug in Laytonville that got weight for real  
Always sit down like a man and never take a deal

Just let me get high just let me get high  
Just let me smoke  
Just let me get high just let me get high  
I need to smoke  
Just let me get high just let me get high  
Blow top shelf cuz mid grade is bad for your health

My crew get higher then most  
My stash fresh cut  
On my table theres a pile of smoke  
Roll sumthin round vegas ima ride in a ghost  
Bottle wars in the club  
Who can buy up the most  
Yeah we light up and toast  
White girls wanna line up the coke  
Fuck a snitch put a knife in his throat  
I used to trim finger hash had my eyes all low  
I'm in a van full of work tryna duck 5-0  
20 lights or more  
New michael kors  
Red j's fight club fuck the nike store  
No trueys on me  
I'm in my 501's  
Its 2am and this night is young  
Kiss it for me yeah I like the tongue  
Oh she might get sprung  
She said let me live  
This type of life is fun

Ima buy a ton and flip it all  
Ridin wit my top down  
Chest full of cookies dog

Just let me get high just let me get high  
Just let me smoke  
Just let me get high just let me get high  
I need to smoke  
Just let me get high just let me get high  
Blow top shelf cuz mid grade is bad for your health
