

Diamonds N Gunz

Berner

2020, been a hell of a year

They say the good die young, so I gotta' keep it nine-
one from a hunnid Mil, when I'm finally done
I'm on my grind waitin' patient, for my time when it come
I plan to live a life illegal, full of Diamonds and guns (aye Bern)

They say the good die young, so I gotta' keep it nine-
one from a hunnid Mil, when I'm finally done
I'm on my grind waitin' patient, for my time when it come
I plan to live a life illegal, full of Diamonds and guns (aye Bern)

How I clear ten Mill, and I still feel broke?
'Cause I'm woke, tell the man to take his hand off her throat
There's no hope, all them zeros just bring more stress
Tryna tell 'em I don't need no vest
Then them shots rang *POW*

Why we still trippin', we don't even want change
They out here stealin', and killin' for the street fame (for the street fame
)
It's hot like that box ain't show up at all, lookin' at the check-
in but you don't wanna call

Don't quit, they want us all to give up
I make it look easy, but most of us slip up (we slip up)
They outside, tryna tear this shit up
I load the nine Mili when I get up

They say the good die young, so I gotta' keep it nine-
one from a hunnid Mil, when I'm finally done
I'm on my grind waitin' patient, for my time when it come
I plan to live a life illegal, full of Diamonds and guns (aye Bern)

How I clear ten Mill, and I still can't sleep?
Wide awake, we don't think like sheep, it got my head spinnin'
Nightmares of livin' in the Fed system (In the Feds)
He was winnin' till that lead hit 'em

More Billionaires tryna' play God
I'm in a Bank, with a mask, damn life got odd (it's a trip)
I miss Ibiza and that Miso Cod
I'm in L.A. with a Glock Nine, don't get robbed (nah)

Don't quit, they smile when we fall off
They love to watch us get hauled off
Fuck sittin' in a cell, but this new World feel like we livin' in Hell (come
on)

They say the good die young, so I gotta' keep it nine-

Can't sleep
Gotta stay woke
A lot of shit goin' on the World, gotta protect my little girl
To the ones that lost the good, my prayer is with you
Make you sick, how the good go quick
Make me sick, how the good go quick, damn
