

Do What We Want

Berner

Don't care what they say, I make my own way
Don't care what they do, I make my own rules
Do what we want
They do what they can
We do what we want

Smell like that skunk, soon as I came in
I roll me 1 up
Don't care what they say, I don't give no fucks
I get my paper, and everything ad up
Fuck about no hater, my rooms come with a view
Girls come by the 2
She stalk my IG, I told her "come through"
Talk it, I live it, knew one day it'd come true
Puttin on for my homeboys, like I'm supposed to do
When I

Don't care what they say, I make my own way
Don't care what they do, I make my own rules
Do what we want
They do what they can
We do what we want

Fly life, on a private beach
Off my ties
Gettin twisted, time flys
I'm hella low
She lookin, I can tell she want it
Round back, we just keep coming
My chart full, you know I keep something
From the Yayo, to Pitsberg
My name good, they love Big Bern
Hella ice, dirty money
Blue face, no 20s
All these whips, new cars
No radio, I'm too hard
I used to sell ice cream
Moved up to the light green
Probably catch me with a dime piece, chillin in the hotel
It smell like weed baby, oh well
Big dog, been around the world
Don't leave me around your girl
I'm snatchin bitches, taken money
And I don't wanna hit that, that shit tastin funny
I do what I want to, real life, motherfucker you can't tell me nothing
Yeah I'm just stuntin
Pull up to the club, too drunk, can I smoke something?
Bern!

Don't care what they say, I make my own way
Don't care what they do, I make my own rules
Do what we want
They do what they can
We do what we want
