

I just listen what the pack say
Yeah, 151 doubies in my ashtray
I been pissin' juice, I just love the way this Act taste
They ask me if I'm crazy, well, maybe halfway
I just listen what the pack say
Yeah, 151 doubies in my ashtray
I been pissin' juice, I just love the way this Act taste
They ask me if I'm crazy, well, maybe halfway

They ask me if I'm crazy, well, maybe halfway
I been seein' demons in my sleep, they want my last name
Why we livin' life just to die at a young age?
Yeah, he got his face blown off by a 12 gauge
Juice got me sleepy, I been up for like 4 days
Smoke a couple hundred thou, split it up 4 ways
Everyone around me eat, I remember broke days
Now we got hoes on our bus, goin' both ways
Now we buy guns out the box and hella dope change
Now we slide European whips, I love the dope game
Yeah, I went from quarter kicks to playin' with the whole thing
Now I'm worth on my own, I'm ridin' in my own lane, yeah

I just listen what the pack say
Yeah, 151 doubies in my ashtray
I been pissin' juice, I just love the way this Act taste
They ask me if I'm crazy, well, maybe halfway

I just listen what the pack say
Yeah, 151 doubies in my ashtray
I been pissin' juice, I just love the way this Act taste
They ask me if I'm crazy, well, maybe halfway

They ask me if I'm crazy, huh, bitch I might be
I been gettin' f*cked with by the feds since I was 19
Back when it was Air Forces and a white tee
Started with a zip then I moved up to a .9 piece
Phone ringin' crazy, I ain't thinkin' 'bout no jail time
Everyone around me drive, now I still melt minds
Yeah, 151 doubies in my ashtray
I been smokin' good, this bag it smell like a gas tank
Pull up at the stoplight, yeah I'm in a black Wraith
I could fit 150 grand in a flat rate
Been on the main road, we gon' take the back way
Get 'em there safe, uh
Wrap 'em at the bat cave, yeah

I just listen what the pack say
Yeah, 151 doubies in my ashtray
I been pissin' juice, I just love the way this Act taste
They ask me if I'm crazy, well, maybe halfway
I just listen what the pack say
Yeah, 151 doubies in my ashtray
I been pissin' juice, I just love the way this Act taste
They ask me if I'm crazy, well, maybe halfway
