

We havin' way too much fun right now  
We livin' life like it's goin' outta style  
We spendin' money like we growin'  
We spendin' money like we growin'  
I'm doin' 130 on the freeway  
Shawty tellin' me to hurry up for Pete's sake  
Shit, I'm a drop the bitch like it's all in  
But we gettin' money like we growin'

Life is what you make it but some can't take it  
I'm on a hype, late night, with a mask like Jason  
I got girls in the club, half white, half Asian  
And I only rock with the ones that don't mind payin'  
I'm just sayin' stop playin' girl, you know what it is  
I burn cash all day like I don't need it to live  
From the crib, you see the water bridge, the view's nuts  
I can't hit the strip club without a few choosin' up  
Yeah, these shoes drop in a month  
When we valet, they leave our cars in the front  
2 or 3 pounds just to burn for the week  
Yeah, the house on the beach cost me 86 Gs  
I got 26 bitches in my pool  
And the homies just wanna act a fool  
Why live if you can't have fun?  
I mix the pineapple Hen with the rum, shit

We havin' way too much fun right now  
We livin' life like it's goin' outta style  
We spendin' money like we growin'  
We spendin' money like we growin'

Now we takin' shots of tequila like it's cinco de Mayo  
Girl, I know you want it, don't you be in denial  
Party on the weekend, party on the weekday  
After party, my house, very nice to meet you  
Girls on the pole, all my woalds on the Fifa  
Bern on the sofa countin' dough, rollin' reefa  
Middle finger to the man, bands in the bleachers  
And the mangos get the fans and the Gs up  
150 grand on a new Benz truck  
The first thing I did in that bitch was roll up  
Hopped out fresh, now them hoes wanna fuck  
We just havin' fun, we just wanna turn up

We havin' way too much fun right now

In the locker room, sweatin' hoes  
Damn Bern, you're already rich, let it go  
These shoes drop in a month  
New chains, I bought this car just to stunt  
I got rich off purp, got it all on the front
