Berner

I don' seen the best of 'em jammed up (oouu)  
Twenty-five to life in the can's tough (oooouu)  
Never met a man that they can't touch (oooouuu)  
Quit talkin' on the phone, they can hear us (oouu)

When you got dumb cake up in the gun safe  
They be waitin' for you in the bushes with the duct tape  
Up and down the interstate, yeah, we really touch weight  
It's October, I'm about to flood another state  
He went down in Arizona, don't get me involed  
An empty box and all call means they comin' for all  
I had 6 burner phones, I got rid of 'em all  
You get hit sit down, we don't talk to the law  
Yeah they think I'm trippin', they listenin'  
They knowin' every move, yeah they want us all in prison  
That why I can't see sleep at night untill they get in  
We wrap 'em and we ship 'em, I'm on another mission  
I'm just young and I'm livin'

I don' seen the best of 'em jammed up (oouu)

It's 7 in the mornin' and they in my home  
My bank account is froze, what is goin' on?  
Why it all start gonin' wrong?  
From talkin' on the phones

My phone still echo, the feds won't let go  
Money never sleeps when you the black Gordon Gekko  
Dope line lookin' like they waitin' on the retro  
6s, fixes, damn I feel special, resale and I never pay retail  
My shoe box money afforded me the Sprewells  
And that then corded me a V-12  
Avoid the phone if it's soundin' like a sea shell  
Too much clickin' in the connectin'  
Connect the dots with my connect for my protection  
Face to face, I place my order like a drive-thru  
Feelin' drunk you know how I do, push

I don't fuck with too many nigga I handle business on my own  
'Cause you niggas ain't right and that's some shit I don't condone  
I got homies behind the wall, wishin' they was home  
They got jammed up, kept discussin' business on the phone  
Scotty turkey bags, boy, we burn up zips  
200 bands off them 20 dollar burn up flips

I'm going by myself when it's time to burn up quick  
That way police don't have a clue when niggas turn up stiff (ha, ha, ha, ha,  
ha, ha, ha)  
I'm dolo when I'm out makin' differnet moves  
Pull up to the cookie shop just to pick and choose  
I'm that nigga, don't get that shit confused  
'Cause even when them niggas prayed I did, I didn't lose
