

# On The Westside

Berner

The best smoke on the West Coast  
I'm just tryna live my best life  
Be careful on the West Side, West Side (West Side)  
Be careful on the West Side, West Side, West Side (West Side)  
Yeah, they get rich and go broke  
Then fuck around and get smoked  
Be careful on the West Side, West Side (West Side)  
Be careful on the West Side, West Side, West Side (West Side)

This year I leveled up, my stones got a better cut  
No cups, just good smoke, I hope she let me fuck  
The city that I represent is grimy but I'm reppin' tough  
It be your own homies get jealous, try and set you up  
Protect your leaders, they just took Nip from us (Neighborhood)  
A solid one with a vision and a real purpose  
All this cash make me feel nervous  
My family need it but it still hurt us  
All these damn murders (It's gettin' hard)  
I drop gems, I ain't worried 'bout the radio  
Two deep, five guns, that's the way to go  
Keep the circle tight, I'm probably laying low  
With a bag of London Poundcake, my favorite thing to smoke

It's hard to fumble when the ball's in your court (It's in my hands)  
Private airports when you buy it all from the source  
OG coke dealers respect how I rock  
Another farm hit, we lost one hell of a spot  
I'm looking at the game from a birdseye, and it's mine  
Man, they all blinded by the Grammys, cats are out their mind  
Fuck doing time, I'm sick of losing mine  
It's hard to be a leader and keep your crew in line  
I drop game, I ain't worried 'bout a record deal  
Young independent king worth a hundred mil'  
Love the mission, give guidance to the lost souls  
Young, rich, and hungry, executing all my goals
