

Strains

Berner

Strains, ooh, smokin' lemonade in the shade
Only burnin' finest strains
Strains, ooh, Sunday driver swervin' through lanes
We gon' get you high on the strains
Ooh, smokin' lemonade in the shade
Only burnin' finest strains
Strains, ooh, Sunday driver swervin' through lanes
We gon' get you high on the strains

Head stashed, make you black out
Can smell that soap in the air when the bag out
Lemon or the jello?
OCB or the woods, no cigarello
Strippers in the bathroom
Choppin' up lines, I'm just tryna get high
Fresh cut why, just need me a light
Took 2 dabs, I missed my flight
Real smokers can't wait 'til October
Cut my crop in a new Range Rover
2 new strains, yeah it's game over
20 fuckin' years, not a damn day sober
I'm a cutthroat from around the way
I do my thing from the Bay to LA
I got 2 girls and they both gon' pay
The smoke flow out when I open the Wraith

Strains, ooh, smokin' lemonade in the shade
Only burnin' finest strains
Strains, ooh, Sunday driver swervin' through lanes
We gon' get you high on the strains
Ooh, smokin' lemonade in the shade
Only burnin' finest strains
Strains, ooh, Sunday driver swervin' through lanes
We gon' get you high on the strains

I'm a Mac like Dre, I smoke like J
Bet you never seen no grow like that
Where the cake on the Sunday?
My trap phone keep on ringin' like it's Monday
Made 100 thou', wow
Just check in my room, waiter with the towel down
I told her I'm a turn around
I brought big flavours, 'bout to burn it down
I'm a Frisco cat, bring the champagne back
Same black gate where they had her name at
Right there on 8th where the hippies lay at
4KP, yeah they really pay that
Still smoke out, ain't much changed
Pull cars out just to stunt on lanes
Brand new cuts, we don't make up names
Kingpin shit, yeah we run the game, it's Bern

Strains, ooh, smokin' lemonade in the shade
Only burnin' finest strains
Strains, ooh, Sunday driver swervin' through lanes
We gon' get you high on the strains
Ooh, smokin' lemonade in the shade

Only burnin' finest strains
