

Troublesome

Berner

Yeah, rest in peace to the Jack
Bring back the Mack
See, we grew up somewhere where-where they wanna see who win
It's cool, we mashin' though, we smashin' though
This shit is a classic, yo
Coz

Fuck a double cup, I just wanna double up
I just want the dope spot jumpin', send another truck
They wanna see my ribs showin', so they try to undercut
It be cereal, milk, in the session when we huddle up
You better buckle up, this shit is crazy, yo
They think I'm tired, I just kill 'em with the lazy flow
Look at all these J's we roll, two cars make the A-P glow
Got wrists, but they hate me though
I'm set, look at my check, they be lost
Look at they neck, all of all that jewelry, I bet he in debt
We pull up to the sideshow in a old school full of pie smoke
Fuck my enemy, let 'em die slow
Beat a case, lie low
On the Craps table, I'm a high roller
I'ma live my life 'til my time over
I'ma stay high, I can't die sober, I'm lifted
When your money right and the credit card got no limit
I got three cribs, I own 'em all
Kingpin, I'm above the law
Five cones, no raw
Big stones, no flaw
And it's like that

They soft like bubblegum
My whole team troublesome
Packs, we be dumpin' 'em
Ten-tens, Honey Buns
Drugs, I'm in love wit' 'em
I'm here until the money come
My whole team troublesome
My whole team's troublesome
They soft like bubblegum
My whole team troublesome
Packs, we be dumpin' 'em
Ten-tens, Honey Buns
Drugs, I'm in love wit' 'em
I'm here until the money come
My whole team troublesome
My whole team's troublesome

I've seen it all, fam, and I ain't never switched up
But I went ahead and bulletproofed the Benz truck
Thirty albums later, I got my ends up
We came a long way from buryin' the tin cup
This shit is fresh and clean, let 'em know that menu's old
I politic around the world, another menu sold
A hunnid grand in Euro, I took the rest in gold
I'm knee-deep in this shit, I could never fold
A breath of fresh air, they stare at the V-V glare
If they don't let it smoke, you won't see me there

Since '99 I've been grindin', what a crazy trip
No buy zone, your man's got eighty sixed
Gelato fourty two, it burn tough, roll more
Offset on the phone tryna buy the whole store
Suckas, we be duckin' 'em
Bitches, we be crushin' 'em
Can't get enough of 'em
Cats, we don't fuck with 'em

They soft like bubblegum
My whole team troublesome
Packs, we be dumpin' 'em
Ten-tens, Honey Buns
Drugs, I'm in love wit' 'em
I'm here until the money come
My whole team troublesome
My whole team's troublesome
They soft like bubblegum
My whole team troublesome
Packs, we be dumpin' 'em
Ten-tens, Honey Buns
Drugs, I'm in love wit' 'em
I'm here until the money come
My whole team troublesome
My whole team's troublesome
