

So Gone

Best Coast

You say that you never want it to end
So I stick around
But now you're gone, so gone
Gone, so gone

You say that you never want me to leave
So I stick around
But now you're gone, so gone
Gone, so gone

You say that you wanna be more than friends
So I stick around
But now you're gone, so gone
Gone, so gone

You say that you don't have time for me
So I move along
And now I'm gone, so gone
Gone, so gone
