

Something In The Way

Best Coast

Everybody's always talking, asking me why
I dont know what to say, he's not my guy
Though I'm always walking you never notice me
You didn't even think I feel a thing

Something in the way, something in the way
There's something in the way you say my name
Something in the way, something in the way
There's something in the way you say my name

I know the sun is shining, but I wish that it was dark
You don't even listen when I talk
I know you're pretty pleased
You're pretty pleased with me
I just want to sit around and talk all week

Something in the way, something in the way
There's something in the way you say my name
Something in the way, something in the way
There's something in the way you say my name

You say my name, you say my name
You say my name, you say my name
You say my name, you say my name
You say my name, you say my name
