I love you and all that you do I need you to see me through I want you and I say Oh and God bless you

She told me you're going away I said how can I make you stay I love you and I say
Oh and God bless you

If I call out your name Could you hear me calling If I said that it's wrong

Would you say I'm falling
If I told you the truth
Would you stay
Say ya say ya

I love you and all that you do I need you to see me through I want you and I say Oh and God bless you

I could wait a lifetime to see the sunrise

But I would never wait so long to see you all right And make you okay

Won't you just stay Say ya say ya

I love you and all that you do I need you to see me through I want you and I say Oh and God bless you
