

# Good As It Gets

Beth Hart

I ain't got style like a magazine  
No my shoes don't shine  
I ain't got pride like a beauty queen  
Can't even walk a straight line  
Somebody say the best things in life are on the inside  
Say my name all my love's in vain in the welfare line

Nobody told me there'd be days like these  
There's gotta be something more than misery  
It's the salt that stings

As good as it gets  
I want the sunshine  
As good as it gets  
Champagne all the time  
As good as it gets  
I'll live on wine and roses  
So hold me closer  
Until I break a sweat  
It ain't as good as it gets

I'm working on dreams  
Call 'em jelly beans  
They make me laugh out loud  
When the crowd screams  
It is good indeed  
And makes my mama proud

Somebody say the best things in life get 'em while I can  
Say my name I think it's gonna rain I got to find my man  
Nobody told me where the sun's gonna shine  
Heaven is only when the good's inside  
Right before I die

As good as it gets  
I want the sunshine  
As good as it gets  
Champagne all the time  
As good as it gets  
I'll live on wine and roses  
So hold me closer  
Until I break a sweat  
It ain't as good as it gets

Somebody say

Wanna break out wanna break out  
Won't you let me in  
Wanna make out wanna make out  
Fill my cup again  
I wanna break out I wanna break out  
Won't you let me in  
I wanna make out I wanna make out  
Fill my cup again to the fucking rim

As good as it gets  
I want the sunshine

As good as it gets  
Champagne all the time  
As good as it gets  
I want the sunshine  
As good as it gets  
Champagne all the time  
I'll live on wine and roses  
So hold me closer  
If I don't break a sweat  
It ain't as good as it gets

As good as it gets  
Somebody say  
As good as it gets  
If I don't break a sweat  
It ain't as good as it gets
