

Dead White Marten

Bethlehem

out of a watery devotion
in trinitious aspect awakened
grants apple juice
to the disgusting duke
a strangely crying hereditary burden

To the bloody chainment
of lust impregnated by Thanos
dancing clothespins darken
a Rusty Mosaic
upon quietly moving lips

And the leaking difference
in a permanently unloved wave
Fades in purgatory
of the little death

man dies like his water
And often Christ was buried
in a hilarious communion

May the once bent skull bone
grow above the top of a lost knife
