

Let Me Entertain You

Bette Midler

Let me entertain you
Let me make you smile

Let me do a few tricks
Some old and then some new tricks
I'm very versatile

And if you're real good
I'll make you feel good
I want your spirits too fine

So let me entertain you
And we'll have a real good time, yes sir
We'll have a real good time

And if you're real good
I'll make you feel good
I want your spirits to climb

Let me entertain you
And we'll have a real good time
