

Black Butta*

Beverley Knight

Oh Yes, uh!

Head down to my toes, everything is in place
My cup overflows, mama's settin' the pace
Times the only thing I need
To help you feel like it should
Just a little peace of me
Said I aint nothing but goood!

I'm sweet black butta
I gets chilled like a waterfall
Turned on like a light switch
I gets hot like a late night phone call X2

Nothin goes to waste , I still got it in spades
Once you get a taste, you'll be digging for days
I know exactly what to do
I got this down to a T
This woman right in front of you
Is all that I've ever been!

R:

I'm sweet black butta
I gets chilled like a waterfall
Turned on like a light switch
I gets hot like a late night phone call X2

Got me excited, my fuses have blown
You got me delighted now, don't leave me alone
You got me ignited, I'm ready to blow!

Sweet black butta oooo

So much energy, I got plenty in store
Everyone is scared of me, I have done this before!

R:

I'm sweet black butta
I gets chilled like a water fall
Turned on like a light switch, uh
I gets hot like a late night phone call X2

I'm sweet (yeh) Black butta babe (spread it all over you)
I'm sweet uh (yeh) Black butta baby (I'm nothing, I'm nothing)
I'm sweet uh (yeh) Black butta babe (spread it all over you)
I'm sweet sugar uh (yeh) Black butta baby (I'm nothing, I'm nothing)
I'm sweet yes! (yeh) Black butta baby (spread it all over you)
Oh I'm sweet yeh, Black butta, butta baby, (I'm nothing, I'm nothin)
