

# Shoulda Woulda Coulda

Beverley Knight

People say that together we were both sides of the same coin  
That we would shine like Venus in a clear night sky  
We thought our love could overcome the circumstances  
But my ambition wouldn't allow for compromise

I could see in the distance all the dreams that were clear to me  
Every choice that I had to make left you on your own  
Somehow the road we started down had split asunder  
Too late to realise how far apart we'd grown.  
How I wish I, wish I'd done a little bit more

Now "Shoulda woulda coulda," means I'm out of time  
Coz "Shoulda woulda coulda", can't change your mind  
And I wonder, wonder, wonder what I'm gonna do  
"Shoulda woulda coulda" are the last words of a fool

People ask how it feels to live the kind of life others dream about  
I tell them everybody gotta face their highs and their lows  
And in my life there's a love I put aside, cause I was busy loving something else  
So for every little thing you hold on to, you've got to let something else go

Fool if I would now forsake the opportunities are fate  
I know I'm right where I belong  
But sometimes when I'm not so strong I..
