

# Howl

## Beware of Darkness

Lay down, heaven can wait  
You think you're right, I think you can change  
Draw some blood, I'm not going hungry tonight  
Won't it be fun, to Howl in the night?

Howl - So that the angels can hear you

Yeah  
Catch me if you can  
My, my, my,  
I'm a hungry man  
Oh oh  
Catch me if I fall  
Baby girl I wanna hear you howl!

Cut strings you think too much  
I can't wait this long for a rush  
A misery to be alone  
How'd you want to be the lonely one?

Howl - So that the angels can hear you

Yeah  
Catch me if you can  
My, my, my,  
I'm a hungry man  
Oh oh  
Catch me if I fall  
Baby girl I wanna hear you howl!

(I want to hear you Howl)

Oh child when will you see the light?  
No no I won't give up the fight  
No no when will you see the light?  
Oh child I won't give up the fight

Yeah  
Catch me if you can  
My, my, my,  
I'm a hungry man  
Oh oh  
Catch me if I fall  
Baby girl I wanna hear you howl!
