

Sandcastles

Beyoncé

We built sand castles that washed away
I made you cry when I walked away
And although I promised that I couldn't stay, baby
Every promise don't work out that way, oh, babe
Every promise don't work out that way

Dishes smashed on my counter from our last encounter
Pictures snatched out the frame
Bitch, I scratched out your name and your face
What is it about you that I can't erase, baby?
Well every promise don't work out that way, no no, babe
Well every promise don't work out that way

And your heart is broken cause I walked away
Show me your scars and I won't walk away
And I know I promised that I couldn't stay, baby
Every promise don't work out that way, no no no no no
Every promise don't work out that way
