

Requiem

Beyond Twilight

I want to be
In the moonlight
Where you are
And I know you're free
In the moonlight

I can hear your voice
In the moonlight
Where you are
And I reach for you
In the moonlight

I can't go on living without you
I can't go on carrying the pain

Ascension is here
Ascension is near

Rise
It's time to rise
From the grave

Ascension is near
Ascension is here

I can hear you in the moonlight
I reach for you
I feel you in the moonlight
