Make Like A Tree

Bif Naked

all i wanted was to be by myself,
(leave me alone)
all you did was hurt me
instead of help,
(leave me alone)
leave me alone!!

as i touch myself
my cold body,
(leave me alone)
you promised death would truly
set me free:
(leave me alone)
leave me alone!

i never thought in a million years
that you would hurt me,
now i pray to god every single day
that you'll desert me,
i never thought in a million years
that you would hurt me!

why don't you go away!

stop the voices inside my brain,
(leave me alone)
the chatter is what finally drove me insane!
(leave me alone)
leave me alone!!

i never thought in a million years
that you would hurt me,
now i pray to god every single day
that you'll desert me!
i never thought in a million years
that you would hurt me:

why don't you go away!
