

Pursuit

Big Daddy Weave

Caught in a romance
Of desperate devotion
You're higher than mountains
And deeper than oceans
With a brokenhearted voice
I'll sing as a son
I won't be satisfied with less than what You want

No other love will do
I'm burning alive with one pursuit
My heart is an open wound
Jesus, calling for more of You
Longing for more of You
I'm in pursuit

Your love is calling
Cheering me closer
Out of religion
Into Your favor
With a fearless heart I run
Fall down at your feet
I'm only satisfied with All You want from me

No other love will do
I'm burning alive with one pursuit
My heart is an open wound
Jesus, calling for more of You
Longing for more of You

No other love will do
I'm burning alive with one pursuit
My heart is an open wound
Jesus, calling for more of You
Longing for more of You
I'm in pursuit

Comin' after You
Comin' after You
Singleheartedly, I am in pursuit
Coming after You
Coming after You, Jesus
After you, Jesus

No other love will do
I'm burning alive with one pursuit
My heart is an open wound
Jesus, calling for more of You
Longing for more of You

No other love will do
I'm burning alive with one pursuit
My heart is an open wound
Jesus, calling for more of You
Longing for more of You
I'm in pursuit
I'm in pursuit of You
