

# Everything About You

Big Head Todd and the Monsters

Steppin' out of my little world  
Reaching to the skies above  
Breaking through the great unknown  
Rising up to take a stand  
Higher than the highest has ever flown  
Show me your secrets you don't show

I wanna know everything, I wanna know everything about you  
Open up your heart and let me in  
I wanna know everything, I wanna know everything about you  
Feel it like I've never felt before

Every ocean on the moon  
Every ship to sail within  
Journeys from the dark side to the bright  
Every dream is making true  
Every hope is pulling in  
There's no distance too far to fly

I wanna know everything, I wanna know everything about you  
Open up your heart and let me in  
I wanna know everything, I wanna know everything about you  
Feel it like I've never felt before

You know sometimes it ain't so easy to read your mind  
You wore me out with your magic  
Just one time  
Let me see you as you are  
Let me in  
Let me in  
Let me in  
Let me in

I wanna know everything, I wanna know everything about you  
Open up your heart and let me in  
I wanna know everything, I wanna know everything about you  
Feel it like I've never felt before

I wanna know everything  
Every ocean  
Every moon  
I wanna know  
Every dream  
I wanna  
I wanna know everything  
I wanna know everything
