

I Hate It When You're Gone

Big Head Todd and the Monsters

Hey hey
Rappin' with ya is all I got to get by
Talkin' with ya is all I got to get by
When you call
When ya callin' me baby
Conversation
All your chit-chat is all I got to get by
To keep me from missing your kiss and your smile
Your back and your neck and your lips and your hips and your sultry e
yes

Girl you know I hate it
I hate it when you're gone

I can't fall asleep with the television on
Words I left unsaid weigh on my mind
I can't leave my bed and I can't seem to unwind
Oh baby you must have left with my peace of mind

Girl you know I love it
I love it when you're home
You know we'll get it right when we're all alone
Drive all night in the rain just for your smile
Don't drift on don't move on let's just stay awhile
Take it easy on me baby and stay awhile

Hey hey
Rappin' with ya is all I got to get by
Talkin' with ya is all I got to get by
To keep me from missing your kiss and your smile
Your back and your neck and your lips and your hips and your sultry e
yes

Stars don't come and play out at night
The world doesn't turn in the usual way and
I can't keep myself upright
Can't keep myself upright

Hey hey
Oh no I hate it when you're gone
Don't you know I hate it when you're gone
Girl you know I love it when you're home
Talkin' with ya
Rappin' with ya is all I got to get by

Conversation, elaboration is all I need to get by
Oh, I hate it when you're gone
Girl I hate it when you're gone
You know I love it when you're home
Girl I hate it when you're gone
