

Wipeout Turn

Big Head Todd and the Monsters

Seven nights stranded on the battlefield
My baby crashes a pillow as the clock numbers beat down one by one
Now I'm starin'
At the morning sun
Baby's cryin'
On the other side

But then you don't remember your dreams (do ya'?)
I fell for you on a wipeout turn
At the last mile I was your lost child found
But you were my-y-y-y wipe out turn

Shirley and I went six months without affection
Till she blindsided me with that other guy she was...drawing up
a collection
Only the lonely
Come riddled with jealousy and rage
She gets a papercut
It's time to turn the page

But then you don't remember your dreams (do ya'?)
I fell for you on a wipeout turn
At the last mile I was your lost child found
But you were my-y-y-y wipe out turn
You were my-y-y wipe out turn

I'm gonna run to you
Oh, chase ya' down
Till ya' say yeah...baby

In the end in came my little margarita
We had a way to eat strawberries after school
I could not keep her
From my desperate swoon
I confess
I made my move too soon

But then you don't remember your dreams (do ya'?)
I fell for you on a wipeout turn
At the last mile I was your lost child found
But you were my-y-y-y wipe out turn
You were my-y-y wipe out turn
