

## My Sub Pt. 3 (Big Bang)

Big K.R.I.T.

Two fifteens, fifteens  
Two fifteens, fifteens  
I got two fifteens, fifteens  
Two fifteens and I'm knockin' on these ho  
Big bang ho, big bang ho  
Big bang ho, I got two fifteens  
Big bang ho, big bang ho  
Big bang ho, I got two fifteens

This is how it all started way back  
First the boomin' voice then the bass crack, 808  
And that's when we first started fire  
Cause the speakers wasn't grounded and he fried all the wires  
But he thought about the thump from the jump  
Took it out the bat cave and he threw it in the trunk  
And that's evolution for you peeps  
Like this is how I'm supposed to get freaks, 808

Hoes can't twerk to the high hat, never  
Cranking up the knob till he broke off the lever  
Subbin' on these hoes, give a fuck about the treble  
He could barely feel his face but he hit 'em with the bass like

Two fifteens, fifteens  
Two fifteens, fifteens  
I got two fifteens, fifteens  
Two fifteens and I'm knockin' on these ho  
Big bang ho, big bang ho  
Big bang ho, I got two fifteens  
Big bang ho, big bang ho  
Big bang ho, I got two fifteens

Now this is how it all started way back  
Your neighbor, neighbor, neighbor, neighbor's hate that  
Basin' through my city like a junkie beat  
With my trunk talking to you, bitch you better speak  
Pull up to the club and I kill shit  
Bitch you gotta be dead not to feel this, 808  
My cousin passes Alpines to me  
Like this is how you supposed to get freaks, 808

Hoes can't twerk to the high hat, never  
Cranking up the knob till he broke off the lever  
Subbin' on these hoes, give a fuck about the treble  
He could barely feel his face but he hit 'em with the bass like

Two fifteens, fifteens  
Two fifteens, fifteens  
I got two fifteens, fifteens  
Two fifteens and I'm knockin' on these ho  
Big bang ho, big bang ho  
Big bang ho, I got two fifteens  
Big bang ho, big bang ho  
Big bang ho, I got two fifteens

No this ain't you're ordinary subwoofer no  
Knocking down the pictures off the wall

I keep it crackin' in my trunk  
Destroy your whole hood with that thump  
That's if you want it like that player  
Vibrate in my crooked all the way to Himalayas  
Pandora box and custom made it  
Sonic boom and Jackson stated  
My trunk not like Jehovah Witness  
I made it like haters, had to play it  
It's a really good fuckin' speaker do I have to say it?  
It took me a year and some change just to calibrate it

Ain't nobody gonna stop this sub that I got in my trunk today  
Crank it to the max till the windows start to crack  
And the fuck boy law give chase  
Man hol' up I've been bassin' since bass been bass  
The knob keep breaking and the swangers keep scraping  
With these two fifteens wrecking shop all day  
I'm bound to wake the block always  
Big bang
