

So Long Baby

Big Maceo

I'm worried in mind, stay worried all the time
Someday I'll be satisfied
It's your time now but it's my time after a while
Oh, say if things don't get no better

I'm gonna move on down the line
'Cause when you was my baby
I treated you nice and kind
But, baby, I have changed my mind

I was crazy 'bout you, baby
Crazy as a man could be
So now when I leave ya now, baby
Don't try and follow me

You gonna wake up one-a these mornin's
And it won't be long and look for me
And I will be gone so bye, bye, baby, babe
You know you've done me wrong

So try your best to forget
That I ever held you in my arms
Yes, yes, yes, you gonna worry 'bout me
One a-these old lonesome days

And your daddy be far away
So long people's and sweetheart
I'll soon be on my way
You're goin' to be sorry that you let me go 'round still
