Since I was 17, I've been sipping on sip
Bitch niggas come through empty out the clip
I love old school cars, with candy ass paint
Your other niggas pussies cause them other niggas fake

You hollin' you a killa but I know you ain't no killa
I see you in the street bitch I'm a trill ass nigga
And now since the eighties, putting niggas down
Letting motherfuckers hear all that bass around

I ride an Impala, don't pop my collar
Coming through the record company, want all my dollas
You ain't got my paper bitch, you don't get no dick
And I ain't put my dick in the uh you wrecked

'Cause tramp hoes be talking, on the pilla walking
Out the street get them hoes, telling em bout all your clothes
And your car sitting on gold, and how much you get at shows
You shouldn't trust that bitch, that bitch will get you hit

I see it all the time, bitches get knocked on the grind
Keep it ten with that wife, coming back in the middle of the night
Say bitch you need to stop, you need to sell some cock
You need to get off them rocks and get on private yachts

I'm talking bout they cousin, coming through bitches buzzing
Drinking on Hennessy, bitch you don't know Pimp C
You late on the slab, coming through whipping ass
I whip it up in the lab and put it out like it's dark around

I'm talking cash, nigga
Gripping grain, swaging lanes
We talking cash, nigga
Candy paint on all them Range

We talking cash, nigga
Don't try to stop my shine
We talking cash, nigga
'Cause I tussle on the mind
