

# Deadwood Mountain

Big & Rich

1. I've been a rambler all my life  
been a bet it all gambler  
yeh I let it all ride  
never been afraid of loosen  
theres been times I've lost it all  
but it won't really matter  
someday when I'm gone

R: You can burry me on deadwood mountain  
by my brother Wild Bill and sister Calamity Jane  
don't bring me no flowers just my six guns smokin  
put me eight feet down when you burry me  
put me eight feet down when you burry me

2. When your heart runs deeper  
than a ghost town goldmine  
you just know your bound to find  
that mother load  
you'll spend your last heartbeat  
chasing after rainbows  
no theres no place you won't go  
to win one more time

R: ...

Now cover me a little extra deep  
cause thats the only way  
I'm ever gonna rest in peace
