

# Deliver Me

Big Sugar

Somebody, somebody  
Somebody deliver me

My head is all in a quandary, baby  
Because you happen to say  
That you're undecided, baby  
You got to wait on Judgment Day

Somebody, somebody  
Somebody deliver me

Somebody's done all my laundry, baby  
Who would that happen to be?  
I don't know why you do it, baby  
Yesterday, you didn't want me

Somebody, somebody  
Somebody deliver me

You got me waiting to open awhile  
You're hesitating, why drag it out?  
Why don't you go on?

Here we go

I'll get over, why don't ya come on over?  
I'll be waiting, come on over
