in my hand, Watching Endless Summer fifty times or more, With  
my girlfriend and the band. We walked down the beach to watch t

ed her cup. It's 3am, all I hear is my air conditioning, Gettin  
g bored I feel so lame. I'll go piss in her coffee cup again. S  
he said she's coming back, But I know that she's never coming b  
ack again.
