

Numbers

Bigwig

How can I fight for your country,
When your country won't fight for me?
How can I pray to your god,
When you force me to believe?
Fuck your schools, fuck your rules,
Fuck you and your boundaries,
How can you try to control me
When you don't even know me?
Numbers in the computer,
The numbers are getting stronger,
How can you glorify bloodshed?
Don't tell me about sacrifice,
You're god died for his sins,
And now I'll die for mine.
Fuck your schools, fuck your rules,
Fuck you and your boundaries!
